Work Experience

As a Director of Photography, I was hired to create unique singular and multi-campaign videos for several brands and agencies.

Managed budgets in campaigns to help agencies succeed with their clients.

Built a framework and team to attack any level video project.

Managed and designed strategies for each individual client.

Supervised edit the projects to completion, as well as managing expectations with storyboard artist, VFX, motion graphics and Audio Production.

Personal Experience

Created community events to teach newcomers about Cinematography, Videography and Content Creation.

Built my own social media channels (FILMATIC), brand deals and sponsorships.

Create unique projects like films, shorts, and culture pieces to build up my own brand, including 2 self produced Feature Films.

Have a small Rental shop with my high end equipment, including cameras, lighting and support for productions.
