FOUR SEASONS HOTEL HOUSTON

GUEST ROOMS & SUITES

A multi-year renovation at Four Seasons Hotel Houston has dramatically transformed our iconic downtown hotel and has raised the bar for luxury hospitality with newly enhanced guest rooms.

The transformation begins the moment guests step off the elevator to a fully redesigned corridor with a light and neutral colour scheme – a nod to the beautiful clouds often spread across the big Texas sky. The new guest rooms feature a calming colour palette of deep sky blue fabrics complimented by warm undertones of dark oak wood, rich saddle leather, and antique brass details. Custom-made furniture gives each room a residential feel and allows guests to immerse themselves in a refined Texas experience that feels like a home away from home.
