I'm a second-generation sound mixer who has over 18 years of experience working in production sound. I've worked with Oscar-winning directors and cinematographers, college and professional athletes, Olympic gold medalists, investigative journalists, entrepreneurs, corporate executives, major brands, network and cable stations, and everything in between. I love serving as part of a team in a professional and seamless manner to achieve the best possible results. Highly skilled and experienced in capturing great on-location sound, working quickly and efficiently, anticipating needs and fulfilling them, and ensuring cast members' comfort with audio equipment.

AUDIO A2

TOP CHEF, *Mission Productions, LP*

Responsible for mic-ing all chefs, stage, and on-location structures, building all mixing and car audio rigs, keeping mixers equipped with everything they need, providing back-up for the audio supervisor and A1, building interview rooms, on-location mixing when necessary, and ensuring story producers have working IFBs at all times.
